FOR IMMEDIATE RELEASE

### HoneyTree Announces Expansion

Roanoke, VA (May 19, 2023)—

COO, Tina Kitchens, has released a plan for the new expansion of HoneyTree Early Learning Centers in the Roanoke Valley.

According to Kitchens, the new location is located at 3548 Orange Avenue. This location will temporarily house after-school programs serving both East Roanoke, the 460 corridor and Botetourt County due to the expansion of the Patrick Road facility.

The Orange Avenue location serves students from local elementary schools including Bonsack Elementary, Colonial Elementary, Cloverdale Elementary and Fallon Park Elementary. This location provides both before and after- school care for students.

Furthermore, the new location offers a summer camp experience called “Adventure at the Hive” for students who are between the ages of five and 12. Weekly activities at the camp include swimming, skating, hiking and scavenger hunts.

As the expansion unfolds, we will continue to update and inform the public.
